

# Adult Guidance

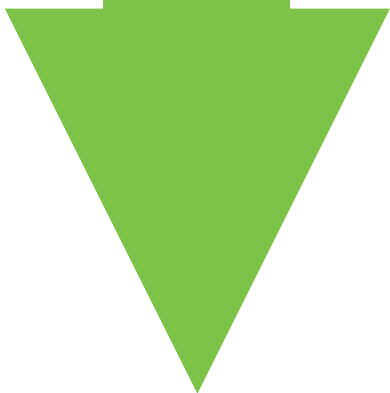

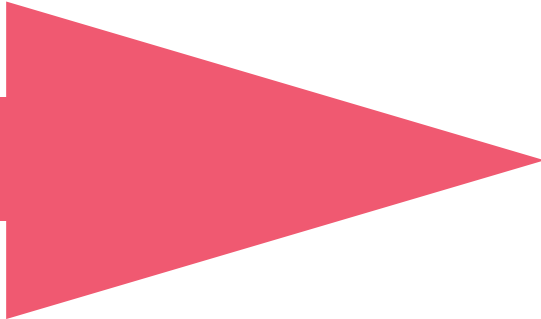

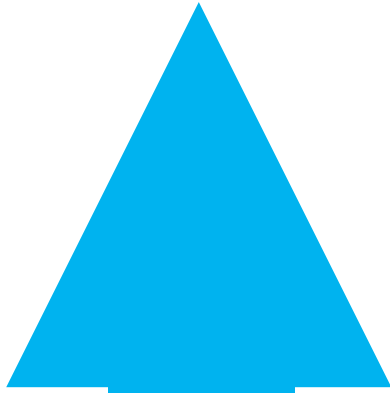

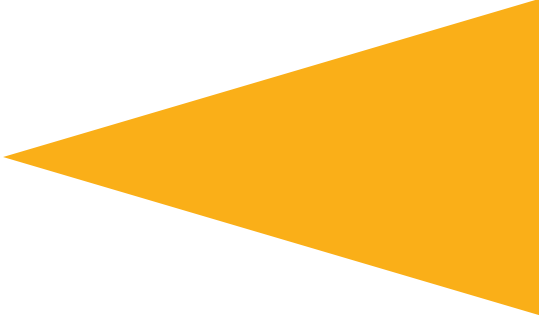

This is a fun game for children to practise the split digraphs. Simply print out this resource, cut out the instructions and the counters below and let the fun learning begin!

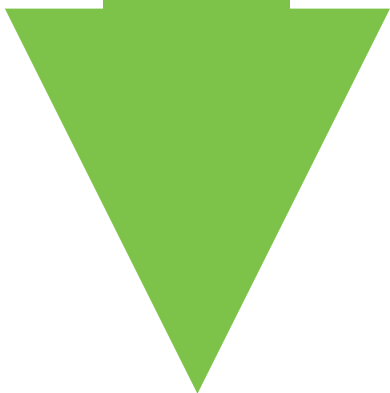

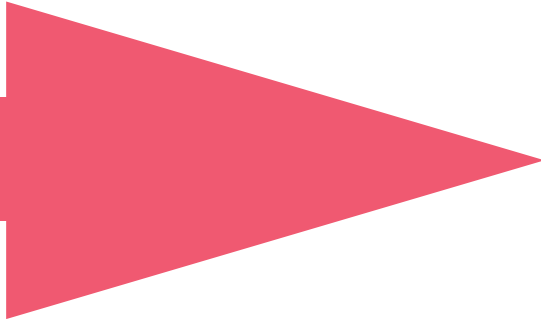

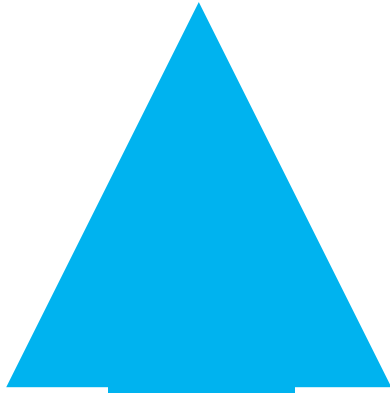

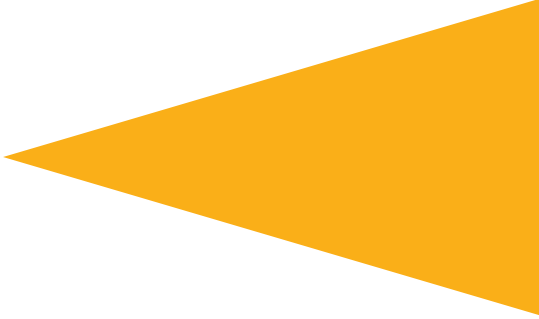

# Split Digraphs Ludo Board Game

## Instructions:

1. Play in groups of 4.
2. To begin, place the counters on the correct coloured rectangle.
3. Each player starts on their coloured counter's start arrow.
4. Roll the dice and move the counter the correct number of steps.
5. Blend the sound of the letters in each word landed on.
6. Each player must read out their word to continue playing.
7. Once you have moved one counter the full way around the board, it goes onto your coloured triangle in the middle. You can then start moving your next counter around the board.
8. The first player with all 4 counters in the middle, wins.

			flame	grave	grape	plane	↓			
			shape				snake			
			maze				bake
