**ST PAUL'S CE PRIMARY SCHOOL
MARKING AND FEEDBACK POLICY**

Why do we feedback on children's learning?

- To recognise and encourage children's effort and achievement, and celebrate success- highlighting and making links to the success criteria.
- To share with children what they need to do next to make progress in their learning by providing 'next steps'.
- To improve a child's confidence and ability in reviewing, editing and improving their own work.
- To check whether children are referring to feedback and applying this to make further progress.
- To make an assessment of children's achievement so far and identify pupils who need additional and/or differentiated support or more challenging work and to inform/modify the teacher's planning appropriately.
- To provide evidence of assessments made and help moderate the interpretation of standards achieved.
- To help in reporting to parents and carers and to involve them more directly in supporting and facilitating their child's progress.

If children have received support during a task, please indicate by the LO using:

- **TA/LSA = Teaching Assistant Assisted/Learning Support Assisted:** The child has been given some direct assistance by the teaching assistant/Learning support assistant.
- **S = scribed:** if you have scribed for a child and include your initials.

When work has been peer-ed or self-assessed, teachers should also look through work to identify any gaps or misconceptions to be addressed as necessary.
