Behaviour Policy

Our Vision

Our school is one family, united in love and deeply rooted in our Christian values, where together on life's journey we flourish, striving for excellence in all that we do. Inspired by the transformation of St Paul, and enlightened by the glory of God, we will shine like stars to make the world a better place.

Our Core Values

Love, Forgiveness, Faith, Friendship, Hope and Peace

At St. Paul's School, we believe that learning best takes place in a well-disciplined, caring and respectful environment. We therefore have high expectations of the pupils and of their behaviour. We expect the pupils in our care to respect all adults in school and in the local community. All adults within the school have a responsibility to maintain good discipline. As pupils mature, we encourage them to become increasingly independent in resolving conflicts together.

A Whole School Approach

At St. Paul's, our core Christian values of *Love, Forgiveness, Faith, Friendship, Hope and Peace* are at the heart of our school. These values are presented to pupils and staff in our Collective Worship sessions. Bible stories and other stories support the teaching of these values and are discussed in circle time, RE and PSHE lessons. Adults model the values and other standards of behaviour such as politeness and courtesy at break times, in the corridors, during lunch and in class.

A consistent, whole school approach to behaviour at St. Paul's results in a positive, calm and safe environment in which all pupils can learn without disruption.

Building a school culture.

We know that a school's culture takes time to embed. Therefore, staff receive training from either the local authority, senior leaders or other professional bodies, to ensure that effective systems are in place for dealing with poor or inappropriate behaviour. The Senior Leadership Team sets out high expectations of behaviour, which is modelled to pupils, staff and parents.

Teachers and senior leaders lead whole school Collective Worship, where consistent messages are reinforced and excellent models of behaviour are celebrated. Senior leaders are present at lunchtimes in the dining hall and playground and before and after school. Parents see a 'visual presence' of senior leaders and teachers at the start and end of the day, which helps to build positive relationships within the school community.

As a uniform wearing school, pupils are expected to be smart and wear the correct uniform. Parents are encouraged to support this. Children will be asked by any member of staff if they are not wearing the correct uniform.

Behaviour management in classrooms is monitored closely, with strategies given to teachers to implement, so that learning is not disrupted. Teachers practise routines such as lining up, coming into Collective Worship and entering the classroom, so that these expectations of good behaviour become the norm. Pupil voice is an important part of building a positive ethos around our school, with School Captains, Games Makers, Collective Worship Committee and School Council members meeting with senior leaders, to discuss ways to improve learning in the classroom and playtimes outside.

Pupils with additional needs

For some of our pupils with additional needs, support plans are put in place, to help them to meet the school's behaviour expectations. Interventions and plans for pupils with SEND help to anticipate triggers, which may result in poor behaviour. Outside agencies work with teachers, support staff and pupils, to put routines and strategies into place, which allow best possible outcomes for the child.

In some cases, making reasonable adjustments, calm words, making the right choices, using social stories, positive praise and reinforcement of 'good' behaviour are some examples of the strategies teachers use to encourage good behaviour throughout the school. .

Parents are encouraged to work closely with the school to support the well-being and learning of all pupils.

Pupils with roles of responsibility

At St. Paul's, we believe that giving pupils responsibility encourages confidence and independence and brings about positive action. As pupils move through the school, many of them aspire to become a House or Sport's Captain, a member of the School Council, or a member of the Worship Committee. These high-profile roles are taken very seriously and involve pupils making speeches and voting. All roles are democratically chosen.

Rewards

Pupils who demonstrate good standards of behaviour and discipline are rewarded through a system of praise. This may be verbal praise, rewards, stickers, stamps, house points or 'Star of the Week' from the staff. Pupils are encouraged to support a child, who struggles to follow the class and school rules, so that they can model their own good behaviour.

The above reward systems are also combined with highlighting effort, achievement and attainment.

Attendance

Good attendance is essential for all pupils, so that there is no lost learning. Attendance is monitored individually and as a class. Class percentages are displayed each week for all children to see and added to the newsletter. It is important for the school to work with parents to ensure good behaviour does not slip due to poor attendance, or that poor attendance leads to poor behaviour.

Consequences

At St. Paul's, we are very proud to see how our pupils demonstrate respect for others and for property and are very well-behaved in and around the school.

However, when instances of poor and unacceptable behaviour are evident, staff follow the sanction levels listed in the policy. This chart is explained to the children by the class teacher every term, depending on the age and level of understanding.

Unacceptable behaviours and sanctions

Restorative Practices

Restorative practice is a model which encourages pupils to take responsibility for their behaviour.

5 questions can support this:

- What happened?
- What were you thinking?
- How did this make people feel?
- Who else has been affected?
- What should we do to put things right?
- How can we do things differently in the future?

This may also be followed by other practices such as: circle time sessions, or lessons covering themes such as Bullying, Prejudice and Discrimination in the PSHE curriculum and Anti-Bullying Week.

As a Church of England School, we understand that forgiveness is an important part of the restorative process. Pupils learn about forgiveness from Bible stories, Collective Worship discussions and units in our PSHE curriculum. Teachers also spend time talking to pupils about managing conflict and helping them understand when it is time to move on. In some cases, we may refer a pupil for counselling sessions.

Suspensions and exclusions

In the unlikely event of pupils needing to be suspended or excluded permanently, such decisions are the responsibility of the Executive Head or the Head of School. The Exec Head or Head of School would report such matters immediately to the Chair of Governors and to the Local Authority, then the governing board at their next meeting.

We believe that discipline should be a joint responsibility and prefer to work in partnership with parents, if there is a persistent problem. We will contact parents if we are concerned about persisting behaviour difficulties.

In extreme situations where a pupil is at risk of:

- *Injuring self or others*
- *Committing a criminal offence (including behaving in a way that would be a criminal offence if the pupils were not under the age of criminal responsibility)*
- *Causing damage or*
- *Engaging in behaviour prejudicial to maintaining good order,*

Staff may use ‘reasonable force’ to resolve a situation, in accordance with the Government document; *Use of Reasonable Force in schools*.

Reasonable force may include:

- *Physically interposing between pupils*
- *Blocking a pupil’s path*
- *Holding*
- *Leading a pupil by the hand or arm*
- *Shepherding a pupil away by placing a hand in the centre of the back*

These restrictive measures will only be used in exceptional circumstances and parents will be informed of any serious incident involving their child.

Bullying

At St. Paul’s, we aim to build a school community where pupils live and work alongside each other, respectfully. However, we are aware that bullying takes place in all schools. As part of our PSHE lessons, we give pupils a clear understanding of what bullying is and what it is not and the forms that it takes, at an age-appropriate level.

We fully engage with national projects such as Anti-Bullying Week and pupils receive Online Safety Training. All pupils are taught to report bullying to staff, knowing that it will be dealt with effectively. We have clear procedures outlined in our Anti-Bullying Policy to manage bullying.
